

Kempinski Hotel
Gold Coast City

ACCRA GHANA

Dear Anthea,

We acknowledge receipt of your email. As mentioned, the Hotel is following all guidelines directed by World Health Organization and Ministry of Health in Ghana.

To mention a few;

- Regular washing of hands with soap under running water
- Encouraging use of alcohol-based sanitizers which is provided by the hotel in all outlets
- Cleaning and disinfecting frequently touched objects and surfaces using sanitizers, etc.

We believe the Ghanaian Border Control have intensified screening at the point of entry into our beloved country.

Please be rest-assured that the wellbeing of all those that support DMG events exhibitions is a priority and of paramount importance and that you have our commitment that all reasonable steps to promote and maintain safe and healthy conditions are in place.

Thank You

Anne Murungi
